AMENDMENT UNDER RULE 111

Sir:

In response to the official action of January 21, 2003, as supplemented by the official action of February 12, 2003, please amend this application as follows:

IN THE CLAIMS:

Please amend the claims 18-34 as follows:

18. (Currently amended) A mould of a type requiring heat to be taken from the mould from time to time, wherein the mould includes at least one completely closed chamber to provide a closed system and each said at least one completely closed chamber having liquid therein which extends to cover at least one of the areas from which heat is to be taken, and a space above the liquid and within each of said at least one completely closed chamber, wherein pressure is set at a level which will enable the liquid to boil at a selected temperature, and condensing means to effect, by cooling, condensation of the vapor or vapors of the liquid in the space, the liquid having a volume
